1) Communicate: Communication is perhaps the biggest challenge for engineers, but it's also the most important skill to pick up for a successful career. For some it's natural, for others it comes via practice and being more social. "You've got to learn it as you go," says Brandon Graham, experiential learning lab supervisor at Rowan Center for Innovation and Entrepreneurship, who started ...

Since I find learning physics difficult, I might have to spend three or four hours of study time for each hour of class instruction. You also might need to study more than what is recommended if you are looking to achieve better grades. Conversely, you might need to spend less time if the subject comes easy to you (such as sociology does for me) or if there is not a lot of assigned homework ...
